Under the authority given, Hon. Samuel W. Pennypacker, Governor, on September 20, 1905, appointed the following persons as members of the State Armory Board in conjunction with the Governor and the Adjutant-General as ex-officio members:

Col. Albert J. Logan, Commissary-General, Pittsburgh, Pa.
Col. C. Bow Dougherty, 9th Infantry, Wilkes-Barre, Pa.
Col. William G. Price, Jr., 3rd Infantry, Philadelphia, Pa.
Col. Louis A. Watres, Scranton, Pa.
Col. Willis J. Hulings, 16th Infantry, Oil City, Pa.

Gen. Thomas J. Stewart, Adjutant-General, Vice-President.

Under the Act of 1905 the limitation for the erection of an Armory for a Company of Infantry was placed at $20.000.00; for the erection of an Armory for a Battery of Artillery or a Troop of Cavalry, $30,000.00; to include the purchase of the necessary ground. After several Armories had been erected, this limitation was deemed insufficient in order to erect a substantial building, and in 1907 the Act was amended so as to increase the limitation for an Armory for a Company of Infantry to $25,000.00, and for a Battery of Artillery or Troop of Cavalry to $35,000.00. Out of one hundred and sixty-one company organizations in the National Guard of Pennsylvania seventy-three have been provided with Armory quarters owned by the Commonwealth of Pennsylvania, except in the case of Field Company A, Signal Corps, where a building is leased. This still leaves seventy-eight company organizations to be taken care of, and also leaves Armories to be completed at Williamsport, Reading, Tyrone, Pittsburgh (18th Regiment and Battery B), and Phoenixville (Battery C). The appropriation bill introduced in the Legislature of 1913 provides for the completion of these Armories, except the one at Phoenixville for Battery C, which is not absolutely necessary during the next two years; and the bill further provides for taking care of twenty-seven company organizations, con-

tingent upon an acceptable site being donated either by approved deed to the Commonwealth or the donation of the equivalent amount in money. All Armory sites, whether donated or purchased, are examined by a title insurance company before deed is prepared, and the deed is finally passed by the Attorney General's Department.

The management and care of Armories is entrusted to a Local Armory Board under rules provided by the State Armory Board, which rules are given herewith as follows:

RULES AND REGULATIONS FOR GOVERNMENT OF ARMORIES OF THE COMMONWEALTH OF PENNSYLVANIA.

CONTROL OF ARMORIES.

1. Every armory acquired by the State of Pennsylvania or erected under the supervision of the Armory Board, and owned by the State of Pennsylvania, shall be under the control, direction and government of the Armory Board of the State of Pennsylvania.

2. The control of armories owned by the State shall be entrusted to a local armory board consisting of the two senior officers of the troops quartered therein, and when in the judgment of the State Armory Board it is deemed expedient, they may select a third member of such local armory board. The senior officer shall be the chairman of the local armory board.

3. All military stores belonging to the State of Pennsylvania, for which the commanding officers whose troops are quartered therein are responsible and accountable for, shall be stored in the armory wherein their commands are quartered.

4. The armories shall in no way be used for the care or the storage of any property other than the property issued to the companies by the State of Pennsylvania, or property belonging to the National Guard organizations and used for military purposes.

5. Any dispute arising in a local armory board, concerning the local government or control of the armory property, shall be referred in writing to the commanding officer to which the organizations are attached, and the decision of such commanding officer shall be given in writing and will be respected.

6. Janitors, armorers, engineers and laborers shall only be employed by the local armory board, when approved by the Armory Board of the State of Pennsylvania.

7. The compensation of all employees in armories shall be fixed by the local armory board, subject to the approval of the State Armory Board, in all cases where such compensation has not been fixed by the Armory Board.

8. Members of the Armory Board, the Commander-in-Chief, the Adjutant General, the Division Commander, the Commanding Officer of the Brigade, or any officer detailed by the Commander-in-Chief, the Division, Brigade, or respective regimental commanders to which the organization is attached, shall at all times have access to all parts of the armories.

9. The use of, sale of, or storing of intoxicating liquors in the building or on the property, is absolutely prohibited.

RENTING OF ARMORIES.

10. The local armory board in charge of such armory, subject always to the approval of the commanding officer of the Regiment and Adjutant General, and under such restrictions as may be prescribed by the Armory Board, may rent out, or lease, any armory owned and controlled by the State of Pennsylvania, providing that such lease or rental shall not in any way interfere with the military usages of such armory; and that all moneys received for rentals, and all expenditures made on account of the maintenance of the armory shall be accounted for quarterly by the local armory board in like manner as other State moneys are accounted for; the account to be on blank form to be provided by the Armory Board under such further regulations as the board may prescribe.

REPAIRS TO ARMORIES.

11. Repairs, the cost of which exceed $50.00, can only be contracted for by the local armory board in charge, when an estimate of such repairs and their limit of cost shall have been approved by the State Armory Board. All expenditures, whether for repairs or otherwise, shall be duly accounted for by the local armory board in charge on blanks provided for that purpose.

The organization of the Local Armory Board is approved by the State Armory Board and the treasurer selected must file a bond in the sum of one thousand dollars. Schedules of rentals are prepared by the Local Boards and approved by the State Board and the revenue derived from rentals is used in the maintenance and upkeep of the Armory. The treasurer, being bonded, is the only officer authorized to receive and pay out moneys on account of Local Boards.

For a single-company Armory an annual allowance of $420.00, payable quarterly, is made for maintenance, to be expended for light, heat, janitor's salary and necessary articles for keeping the Armory clean; for a two-company Armory on allowance is made of $700.00 per year, payable $175.00 quarterly; for a three-company Armory an allowance of $1,000.00 per year, payable $250.00 quarterly; and for a regimental Armory special provision is made for maintenance based upon local conditions.

The Treasurer of the Local Board is required to file a report for each quarter ending February, May, August and November, and no allowance is advanced for the next quarter until the report is filed, audited and approved; and in this report an accounting is made for all moneys received either on account of maintenance or rental of the Armory. Leases to support receipts for rentals are filed; and for all expenditures made certified, itemized vouchers are filed with the report.

A general summary and a detailed account of receipts and expenditures of the Treasurer of the State Armory Board are given herewith, which will show in detail the items received on account of appropria-

tions, donations and interest, and the receipts and expenditures on account of purchase of sites, purchase of Armory buildings, erection of Armories, including general contracts, additions, architects' fees, emblematic tablets, repairs and improvements; also give in detail the maintenance of each Armory; and also the expense of members, clerks, advertising and title transfer, insurance and general expenses. The general summary of receipts and expenditures is first given herewith:

The detailed receipts of the Treasurer of the State Armory Board are published in Tables I and II; and the detailed expenditures of the Treasurer are given herewith in Tables III and IV.

It will be noted from the statements that in quite a number of cases Armory sites have been donated in addition to cash donations received from counties, cities and boroughs, which have increased the equity of the Commonwealth in the Armories purchased or erected beyond money actually expended by the State to the extent of $585,-015.78, the value of the Armory sites in all cases being carefully estimated or appraised, based on reliable figures furnished, and the estimate in each case has been conservatively made. A table showing the equity of the State and the total value of Armory properties is given herewith:
